BULLYING

Featuring

JIM BIENIUS

(The Anti-bullying guy)
and others

January 12, 2012

7:00 p.m.

Mount Vernon High School Auditorium

COME JOIN THE DISCUSSION - ASK QUESTIONS—TELL YOUR STORY

Every day, we hear more heart-wrenching stories come to light about children being attacked, injured and/or emotionally traumatized by bullies. Does Ohio have a law prohibiting bullying in schools? Who does this law apply to: Does the law define “bullying?” What does the law require schools to do? What actions can parents take to prevent bullying? What can parents do if they find out about bullying? Bullying is not only confined to children— bullying wears many faces — we do not need to be physically harmed to be a victim of bullying.

Jim Bisenius has sixteen years of experience as a child and adolescent therapist specializing in teaching extremely targeted youth how to handle bullying situations. He has developed response techniques that have been recognized nationally as extremely effective at stopping the dance between kids who bully and the ones they target. **PLAN TO ATTEND — BE A PART OF STOP BULLYING NOW!**
